

2024 New Products

Delivering high-quality cell culture solutions to advance life science research

Captivate Bio Balanced Salt Solutions

Captivate Bio offers ready-to-use balanced salt solutions to fit your setup and budget. Bulk discounts and storage programs are also available.

PRODUCT	SIZE	CAT. NO.
Alsever's Solution	12 x 500 mL	02-045-1A-CB
DPBS, no Calcium and Magnesium, Endotoxin-Free	12 x 1000 mL	DPBS12CS12
DPBS, with Calcium and Magnesium	12 x 500 mL	DPBS21CS12
PBS 1X, no Calcium and Magnesium	12 x 1000 mL	PBS102CS12

Captivate Bio Specialty Animal Sera

Specialty sera includes TET-free, lipid- and exosome-depleted FBS as well rabbit, mouse, and donor donkey, goat, and horse serum.

PRODUCT	SIZE	CAT. NO.
FBS, USDA (New Lots!)	500 mL	FBS1620
FBS, Exosome-Depleted	250 mL	FBS162XD
FBS, Lipid-Depleted	500 mL	FBS162LD
FBS, TET-Free	500 mL	FBS162TF

Other Captivate Bio Cell Culture Reagents

PRODUCTS	SIZE	CAT. NO.
Accutase® Dissociation Solution	100 mL	CCAT03
Polyamine Solution (1000X)	5 mL	CCPM08

Captivate Bio Water Solutions

New high-quality water includes endotoxin-free water, cell culture or molecular grade, and DEPC treated water in standard formats.

PRODUCT	SIZE	CAT. NO.
Water, Cell Culture	12 x 1000 mL	WTR012CS12
Water, Endotoxin-Free	12 x 1000 mL	WTR002CS12
Water, Molecular Biology	12 x 1000 mL	WTR032CS12
Water, DEPC Treated	12 x 1000 mL	WTR022CS12

Captivate Bio Cytokines & Growth Factors

New recombinant proteins ensure reproducibility across a variety of research areas, including stem cells, immunology, and cell-based therapy.

PRODUCT	SIZE	CAT. NO.
Flt3-Ligand, Human, HEK293	100 ug	CYK01F
M-CSF, Mouse, E. coli	100 ug	CYK02F
SCF, Human, HEK293	100 ug	CYK03F
SCF, Mouse, E. coli	100 ug	CYK04F
TPO Protein, Mouse, CHO	100 ug	CYK05F
bFGF (K128N), Human	100 ug	GTF03F
TGF-beta 1, Human, HEK293	100 ug	GTF01F
TGF-beta 3, Human, HEK293	100 ug	GTF02F

2024 New Services

Tailored services that fit your needs

Alongside our product portfolio, we also offer extensive services to support researchers, procurement teams, lab managers, and industry partners. From reagent sourcing and custom media manufacturing to marketing and sales programs and storage solutions – we can help. We take a collaborative and responsive approach to the design and execution of your project.

Reagent Sourcing

Secure animal sera, including FBS, human platelet lysate, or hard-to-find reagents including small molecules and recombinant proteins that deliver the results you need, when you need them.

Product Storage

Captivate Bio now offers customers product storage services including space for temperature controlled ambient and cold storage with 24/7 monitoring.

EverCell Bio Cell Modeling

EverCell Bio's cell modeling service platform delivers everything from reprogramming, gene modification, and differentiation to cell expansion and cell banking.

Product Fulfillment & Logistics Services

Captivate Bio works closely with your procurement and supply chain teams by helping get your product from A to B including transportation support, import/export, as well as drop shipping and fulfillment services.
